### Wira Steaming Cylinder

**772-130** Shrinkage Ruler

## MARKING PENS

\* Bright, sharp, rapid-drying marks on all types of fabric

\* Inks resist dyeing, bleaching, scouring, boiling and milling

\* Smooth, gliding, lint-repelling writing tips

\* Ball valve ensures ink does not dry out during periods of non-use

### Texpens

Suitable for smooth fabrics and particularly useful for marking laboratory test specimens

**788-764** Pack (6) 1.2 mm Tip Yellow

**788-765** Pack (6) 1.2 mm Tip Black

### Dalo Markers

Suitable for more open fabrics - 3.2 mm tip is particularly useful for loosely woven and knitted fabrics

For synthetics and cottons (T)

**788-766** Pack (6) 1.6 mm Tip Yellow

**788-767** Pack (6) 1.6 mm Tip Black

**788-768** Pack (6) 3.2 mm Tip Yellow

**788-769** Pack (6) 3.2 mm Tip Black

For wool/worsted (W)

**788-791** Pack (6) 1.6 mm Tip Yellow

**788-792** Pack (6) 1.6 mm Tip Black

**788-793** Pack (6) 3.2 mm Tip Yellow

**788-794** Pack (6) 3.2 mm Tip Black

Red, Blue, Orange and White are available to special order

## STEEL RULERS

One side : Metric scale  
 Subdivisions : 1 mm and 1/2 mm

Other side : Imperial scale  
 Subdivisions : 16ths, 32nds, 64ths, 10ths, 20ths, 50ths and 100ths

**772-134** Type 64R/03-1351  
 Length : 150 mm/6 in

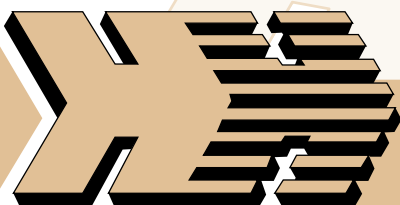

**772-133** Type 64R/03-1352  
 Length : 300 mm/12 in

**772-132** Type 64R/03-1353  
 Length : 600 mm/24 in

**772-131** Type 64R/03-1354  
 Length : 1000 mm/39 in

NAMAS Calibration Certificates are available
